

New trading name for Comma brand's parent company.

Cosan Lubricants, UK-Headquartered manufacturer of Comma brand automotive lubricants, coolants, brake fluids and chemical specialities, is changing its trading name to Moove.

"The objective of our name change is to guarantee alignment with other businesses within the Cosan Group, where each company already presents a unique and independent brand: they are Raizen, Comgas, Radar, Rumo...and now, Moove!! With this change of name, we reinforce our leadership over the lubricants market while maintaining the values and ethos of the Cosan Group," said Mike Bewsey, Sales & Marketing Director.

"The change applies only to the trading name, and not our legal name, and there will be no changes to the current branding of the Comma products supplied in the UK and around the world," Mike said.
