

Physical Properties:

Appearance

Clear red liquid with a strong aromatic hydrocarbon odour

Carb Clean

Product Features:

- A powerful blended solvent specifically designed for removing spent fuel deposits.
- Easily dissolves oils, greases, gums and carbon deposits from fuel delivery areas.

Direction for use:

1. Ensure engine is cold & switched off.
2. Remove air cleaner/ filter.
3. Shake can & (with extension tube fitted) apply liberally to exterior of carburettor & linkages. Allow to soak & repeat as necessary.
4. Start engine & spray inside carburettor throat.
5. Switch off ignition & refit air cleaner/ filter. For Automatic Choke spray both ends of choke valve & vacuum cylinder. Important – Wash off immediately if sprayed on paintwork – may cause streaking.

Handling:

- Caution pressurized container: protect from sunlight and other heat sources.
- Refer to Material Safety Data Sheet.

Shelf Life:

- 5 years from date of manufacture.
